PROFILE

Highly motivated **Software Engineer** with a solid foundation in **full-stack web development, UI/UX design, and ERP implementation (Odoo)**. Eager to contribute strong technical skills, problem-solving ability, and a collaborative mindset to innovative development teams. Committed to continuous learning and delivering efficient, user-centered, and business-driven software solutions.

PROFESSIONAL EXPERIENCE

Helder Technologies, *Front End Developer and UI/UX designer* 03/2025 – 08/2025 | Addis Ababa

- Engineered responsive frontend architectures for major web initiatives
- Designed user-centered UI/UX prototypes and wireframes, translating complex requirements into modern, accessible web interfaces.
- Collaborated closely with backend developers to integrate RESTful endpoints, ensuring high performance across devices.

Beltech Solution, *Full-Stack Developer* 05/2025 – 12/2025 | Remote

- Designed and built backend microservices and RESTful APIs
- Implemented server-side data models, routing logic, and database schemas ensuring secure data retrieval.

SkillBridge Institute Of Technology - SBIT, *Frontend Developer & API Integrator* 05/2025 – 08/2025 | Remote

- Built custom portal pages and integrated backend APIs for the core **Teacher Management & Learning Dashboard**.
- Designed responsive marketing and portfolio pages to drive platform enrollment.

Mella Communication Technology PLC, *Software Engineer & Systems Specialist* 02/2026 – 07/2026 | Addis Ababa

- Developed and deployed full-stack solutions and third-party API integrations for high-profile institutions, including the **Petroleum and Energy Authority** and **Bayer Ethiopia**.
- Managed end-to-end data pipelines and API communication between internal databases and external stakeholder systems.
- Maintained infrastructure availability, monitored system updates, and ensured application stability and secure role-based data rendering .

EDUCATION
